This Hardware Warranty and RMA Policy is subject to Samsara's Terms of Service. All capitalized terms not defined herein have the meaning set forth in the Terms.

1. Hardware Warranty Policy

If you are experiencing technical issues, please visit our Support Page at www.samsara.com/support, where you will find many resources to help troubleshoot issues, or contact our Customer Support team for technical assistance. Prior to submitting a Hardware Warranty claim pursuant to this Policy, you must first use all reasonable efforts to find a solution on our Support Page linked above and/or contact our Customer Support team and assist in Samsara's troubleshooting efforts.

Scope of the Samsara Hardware Warranty

Samsara stands behind its Hardware. Hardware that requires a valid license to function (i.e., Hardware Products associated with a license with a "LIC-" prefix in the applicable SKU) has a warranty that lasts for as long as you maintain a valid license for such Hardware. All other Hardware (e.g., accessories and cables) comes with a one-year warranty as of the date of shipment.

Samsara warrants that, during the applicable warranty period, eligible Samsara Hardware will not malfunction due to a defect in Hardware materials or workmanship under Normal Use Conditions (as defined below), subject to the limitations and conditions set forth in the Terms and this Hardware Warranty Policy section of the Hardware Warranty and RMA Policy (the "Hardware Warranty"). "Normal Use Conditions" means ordinary use under intended conditions in accordance with the Documentation. Upon Samsara's approval of a warranty claim provided in accordance with this Hardware Warranty Policy section, Samsara will, at its sole discretion, do one of the following: (1) repair the Hardware free of charge, (2) replace the Hardware (with the same Hardware or that of substantially similar functionality) free of charge, or (3) to the extent repairing or replacing the Hardware proves commercially unreasonable, terminate the Customer's Order Form(s) for the affected Products and provide a Refund for such Products. To the

maximum extent permitted by applicable law, the foregoing constitutes the Customer's sole and exclusive remedy and Samsara's sole and exclusive obligation for any breach of this Hardware Warranty.

This Hardware Warranty only applies to the extent the Customer is up-to-date on its payment obligations. Furthermore, it does not apply:

(1) to non-Samsara branded products or services, even if sold with Samsara Products;

(2) to consumable parts (including batteries), cosmetic damage, normal wear and tear, or aging;

(3) if the defect is not reproducible;

(4) to circumstances such as accidental or incidental damage, indirect damage, loss, theft, abuse, misuse, misapplication or unauthorized disassembly of or to the Hardware;

(5) if the Hardware has been defaced (e.g., the serial number has been removed);

(6) if the Hardware is installed, maintained, operated or used in a way that does not comply with the Terms, Documentation, or other written instructions provided by Samsara;

(7) if the defect or damage is caused by an improper voltage supply or the use of third-party components, materials, accessories (including cables), products and/or software that are not expressly approved or supplied by Samsara;

(8) if the defect or damage is caused by any attempt to service the Hardware other than by Samsara or its representatives;

(9) if the defect or damage is caused by the Customer's or its representative's negligence, misuse, neglect, intentional acts or omissions, or breach of its obligations under the Terms or this Hardware Warranty and RMA Policy;

(10) if the Hardware, its functionalities or its capabilities have been altered, modified, repaired or tested by a party other than Samsara or its representatives, and/or without advance written permission of Samsara;

(11) if the Hardware is tampered with or otherwise damaged in a way or by events outside of Samsara's control, such as in the event of a car crash, fire, liquid contact, natural disaster or other external causes; and

(12) if non-approved equipment, devices, software or other third-party products are used in combination with the Hardware or other Samsara Products.
